24 Years of Innovation

Since its establishment in 1988, Barkan Mounting Systems has specialized in enriching the customers Home Entertainment experience through the development, manufacturing and marketing of superior mounting solutions for LED, LCD, Plasma and other Consumer Electronic products. The knowledge and experience collected over the years has been the backbone of our success.

www.barkanmounts.com

As the owner and CEO of Barkan Mounts, I have undertaken to give each & every one of you the winning ratio between quality, price and service, according to your needs. Believing that you are at the top of our importance, I will not bore you with who Barkan is, instead I will share with you what Barkan can be for you:

For Chain store

Managing the category & maximizing profits.

- Captain of category- by providing you a full range of products, in all price ranges, we are reducing the competition between the various manufacturers on your shelves, allowing you to target prices in order to maximize your profits.
- No need for high inventory.
- No minimum quantity order.

For Distributors

A silent partner, backing you up in all aspects.

- Our focus is on Sale-out & not only Sale-in. We will accompany you all the way.
- Sophisticated engineered solutions allowing us to provide you a winning product at attractive pricing.
- Modern & up-to-date marketing solutions.
- Full range of financial instruments, giving us the possibility to give you budgetary flexibility.

For End user

A better point of view

- Visual selection guide, helps you choose the correct mount for your needs.
- Easy to install- no need to call expensive outside services.
- All our products have been passed our strict quality control, to ensure years of maximum viewing experience.

Sincerely yours,

Lior Barkan

Understanding of the diverse market needs, we have decided to split our product line into three pricing level categories, targeting the three main consumer market segments:

-- Economy Series - (Price): Economically priced mounts retaining Barkan's quality.

-- Standard Series - (Value): Stylish and modern top selling mounts.

-- Premium Series - (Prestige): Innovative, with significant added value.

To achieve our vision, we have developed the Triangle Model:

A worldwide recognized brand - Identified by our unique butterfly design and innovative solutions, to enhance the joy and pleasure of the viewing experience.

Competitive prices - We continue to deliver the most cost effective items with real value for money, as expected from a market leader.

Research, Development & Quality control - Thanks to our vast experience, Barkan's products include unique patented features that improve the viewing experience. We are always up to date, recognizing the future directions of the market & providing the necessary solutions. Many of Barkan products carry a lifetime warranty, and all our product lines goes through very strict QC tests to meet the stringent requirements of the American, European and Israeli safety standards

To Selected Variety of Barkan Products

Convincing the consumer to buy our products in your stores:

The challenge:

Consumers may be troubled about installing by themselves new and unfamiliar products like a new LED/ LCD/ Plasma screen in their home or office. As a result many consumers hire professional installers to do the installation. As the installer profits from both installation and labor, they tend to use the most basic mounts, which mostly don't allow maximum viewing pleasure.

Our solution:

- We have developed an attractive & convincing display system that enable the consumer to understand the features and the differences between each model, as well as price categories.
- We have designed cost effective LED/ LCD/ Plasma mounts with our innovative & simple 1-2-3 installation system:
 1. Mounting securely the bracket to the wall.
 2. Attaching the mount adaptor to the screen back-side.
 3. Snapping the adaptor to the bracket by a lock-system.

Packaging:

Three pricing level categories:

- Economy Series
- Standard Series
- Premium Series

All Barkan marketing collateral

including high quality Cardboard packaging, customized Point of Purchase, Catalogues, Website, Sales Meeting Display and beyond. They are designed with a consistent look that emphasizes the enhanced lifestyle qualities, our products provide.

Selection guide - Templates:

Selling to about 40 countries in the world, we understand well the various needs of products in the different countries. As a result, we developed our special selection guide system, allowing you customizing your own point of sale, as per the products in your range.

All there is to do, is choose with our representative the required products & we will build your own, customized, point of sale.
Bellow there is an example of how this customized Selection guide & Additional products may look like:
